

Owosso 5th Grade Band

The schedule of activities for band instructors and students is as follows:

Weeks of September 8 & September 14 Students introduced to band.

Students will learn why being a part of the band is such a great opportunity. Students will also learn about the 6 instruments available in 5th grade band: flute, clarinet, saxophone, trumpet, trombone or percussion

Week of September 21 Students will complete the Band Placement

Tool and Instrument Preference Form in Google Classroom. This will help your student and their director to understand your student's interests and natural musical abilities are and what instrument might be a good fit.

Week of September 28 Students will receive information about their

Band Placement Tool score as well as get an instrument recommendation from their director. After this information has been received, students and their families should get their instrument and materials.

October 9 Students should have their instrument, book, music stand and other necessary materials (reeds, cleaning kit, etc) by this date.

Week of October 9 Band class lessons begin in Google Classroom for all 5th grade band students.

We appreciate your patience and cooperation in this matter and hope to help make band an enjoyable and worthwhile experience for all students involved. You will be notified of special performances throughout the school year at a later date.

Musically Yours,
